

John was inspired to write this about fuels-not fools- because of his suffering as a child without the conveniences of electricity, or fuel for heating,e.g., also running water or telephones; because all three require fuels. after 60 years studying/working as an Engineering Project Manager mostly on Energy/fuels; including projects like: coal to liquids and the Technology/Economics of Alcohol for Motor Fuels.On the latter I authored a book on the subject; both projects for the Doe/Usa. I have had only one Government job- a county Sanitation Engineering position. I only lasted 3 months. I quit after turning the water off on a Apartment Complex owned by the local Republican- I was threatened. at that time, I had 2 young children. the reason? the Owner by-passed the health permit regulations. back to our book that started only about Energy, but morphed into the other Eesque of life: ending with a plan to extend oils 30-25000 years, and saving the environment; while at the sane time saving 99& 44/100% of the worlds transportation cost, and 50% of the cost of electricity generation. a bonus is the saving of 10s of thousands of deaths, and millions of pain and sufferings. the Truth and only the Truth; with Knowledge and Compassion as the Props.
