

The Horse is an informative gallop through everything to do with the horse: evolution, history, biology, breeds, behavior, training, competition, health, and care--all gathered into an accessible gallery of solid information, essential facts, and fascinating trivia. You may follow the Triple Crown races or know the difference between a pony and a Palomino, but did you know that North American horses were reintroduced by Spaniards in the sixteenth century after going extinct eight thousand years ago? That the highest points of a horse's shoulders are its withers? That the world's tallest horse, Mammoth, was born in 1846 and was over 21 hands (86.5 inches) high? Or that many cowboys refuse to put their hats on their beds, believing that doing so brings bad luck? Whether your interest is in keeping a horse or simply the beauty and behavior of these magnificent animals, The Horse will provide endless hours of entertainment. Filled with short but authoritative entries and quick fact boxes on every physical aspect of the horse as well as its importance to humankind in work, leisure, and sport, The Horse is the ultimate in dipability--open the book at any page and you'll become totally engrossed.

Chronicles of England, Scotland and Ireland (2 of 6) England (1 of 12) William the Conqueror, North Sea (eastern) (Admiralty Tidal Stream Atlases), Parasitic Nematodes Associated with Sugarcane in Western Kenya, What Wags the World: Tales of Conscious Awakening, Neurodegeneration: Exploring Commonalities Across Diseases: Workshop Summary, The Debate on Classes (Verso Classic), The Marvel Family #73, Family Duty, Compulsive Hoarding: Understanding & Treating Compulsive Hoarding,

The Horse has 16 ratings and 3 reviews. Chrissy said: Given that this book was in fact a Miscellany I sort of felt inclined to give this a better score t. Buy The Horse (): A Miscellany of Equine Knowledge: NHBS - Julie Whitaker and Ian Whitelaw, The Ivy Press.
