

The Tempest is one of the most suggestive, yet most elusive of all Shakespeares plays, and has provoked a wide range of critical interpretations. It is a magical romance, yet deeply and problematically embedded in seventeenth-century debates about authority and power. In this updated edition, David Lindley has thoroughly revised the introduction and reading list to take account of the latest directions in criticism and performance. Including a new section on casting in recent productions, Lindleys introduction explores the complex questions this raises about colonization, racial and gender stereotypes, and the nature of the theatrical experience. Careful attention is also given to the plays dramatic form, stagecraft, and use of music and spectacle, to demonstrate its uniquely experimental nature.

The Fathers of the Constitution: An Authentic Record of the Establishment of the Union, On Primitive Groups of Odd Order, On Limitations To The Use Of Some Anthropologic Data, Fair Tomorrow (37), Medical X-Ray Techniques in Diagnostic Radiology: A textbook for radiographers and Radiological Technicians, Umgang mit Jugendlichen bei Verdacht auf Suizidalitat im Kontext schulischer Beratung (German Edition), The Garden of Delights: Reform and Renaissance for Women in the Twelfth Century (The Middle Ages Series), Reincarnation: Why, Where and How we have lived before, Advanced High Intensity Training Variables, Handbuch fruhkindliche Bildungsforschung (German Edition),
